PEOPLE'S TICKET. "THE HIGHEST TOSSIBLE LIBERTY TO MAN AND WOMAN,"

For Delegate to Congress, HON. GEO. Q. CANNON.

THE EXPUBLICAN organs have ceased their cry of fraud charged against census enumerators in South Carolina last June. General Walker, the scperintendent, was induced by the bowl that the newspapers were creating to investigate, and for this porpose he sent special agents into state. These were unable to find the slightest evidence of fraud, the South Carolina enumerators having done their work so faithfully and honestly as to entitle them to commandation. Tousday's elections in Onio and Indiana cannot be considered as cheering to democrate. In the first-named etail the republicans have apparently made unexpected gains, increasing their majority over that of last year several thousands. It would be too much to sek the benighted west to believe the majority in the Buckeye State is 20,000, arciaimed by the republicans. This would be too long a jump from 3,352 in 1879. However, gains must be conceled. It is also probable that the republicans have gained some scatter Congress, though not so many as they claim. It must not be forgetten that Associated Press telegrams are always highly colored emble us to give an assured or described with the color of the electron in that for republicans. Indeed, unless the Associated Preez reperts are closer to the facts than usual in such cases, it would be unsafe to concel the state to the republicans. It is hoped the telegraph lines will be repaired to-day so as to relieve the Pacific Coast from the suspense that has become almost agonizing.
